

During these uncertain times, we want you to know that your application is being taken care of and that you will have a place on the right programme.

Because our campuses are temporarily closed to most students, we will be contacting you regularly by phone and email to make sure you are ready for a flying start in September, so keep an eye on your inbox!

Due to the Covid-19 pandemic, we have had to make a few changes and things are taking slightly longer than normal, so please see below for an outline of what to expect.

Application process

We have received your application and it is currently being processed.

We will soon let you know by post or by email that we have received your application.

A member of our Admissions team will call you.

They will talk to you about your application and double check we have all of the details we need. They will also ask you about your needs at college and whether any additional support is required.

If necessary, the Learning Support or Student Support team will call you to talk about how we can help you at college.

Your offer is subject to your grades (calculated)

meeting the entry criteria of your chosen programme as found on our website, and a discussion with the course team during the summer period.
