## COME PREPARED

Have a think about the kind of things you want to gain from the Open Event this can be things such as:

The best way to do this would be to have a notepad and pen in front of you. Here, you can keep all your questions and any answers you may find during the event.

We're going to have a series of informative talks available for you to access on the day and this is how we suggest you get the most from them:

- > Watch our campus Welcome Talk to give you an overview of life at the college.
