

# WORK EXPERIENCE

<b>Age group:</b>	Year 10-13, tailored to meet your curriculum needs
<b>Duration:</b>	1–10 days
<b>Good for:</b>	Work experience, careers, STEM, maths, English, technology, PSE
<b>Price:</b>	8-12 learners, £20 per learner per day

## Working in health and social care professions.

**This experience can be tailored from one day to a full week. Using our fantastic facilities and resources, learners will follow the journey of a patient from home, to the hospital and back again and the roles and responsibilities of all the health and care professionals that they will meet in between. Each day will be packed with practical hand-on experiences.**

The experience can be designed to meet the specific needs of a school or college, through selection of learning opportunities from the list below.

- Emergency first aid and major incidences
- Day in A&E
- Exploration of over 20 different jobs in health and care
- Infection control prevention of the spread of disease
- Nursing skills and person centred care in hospital
- Delivering person centred care in the home
- Caring for the elderly
- Caring for people with dementia
- Promoting children’s health
- Health promotion
- Preparation for UCAS applications to apply for degrees in nursing
- Meet the professionals

### Stretch, challenge and differentiation

For higher level learners we can offer bespoke sessions that look at medical careers and health sciences in more detail. This will include x-rays and bone structure, glucose monitoring and the treatment of diabetes and the treatment of acute Asthma.

We are also able to offer sessions on death and dying.

Please do not hesitate to discuss specific needs of your curriculum, as our fully equipped hospital environment can be tailored to add real-life experiences to enhance the student experience.
