Collecting applicant information

The majority of applicant information you provide to us is necessary for us to fulfil our contract with you to provide educational services tailored to your needs and failure to supply such information may mean that we are unable to provide the support you require and are unable to enrol you onto one of our programmes. It is also collected to ensure that we are able to receive funding to provide education services and failure to provide information will mean that we are unable to enrol you onto one of our programmes. On the other hand, some applicant information is provided to us on a voluntary basis. We will inform you whether you are required to provide certain information to us or if you have a choice in this.

Under some circumstances, we may obtain information from third parties, such as your previous school or the local authority where applicable, for reasons such as ensuring continuity of support for those with additional learning needs or monitoring safeguarding concerns.

Storing applicant information

We store applicant information securely and in line with our Data Protection Policy and associated procedures. A copy of our Data Protection Policy can be obtained from the Data Protection Officer, whose contact details are listed below. The majority of evidence we collect is required by our funders who stipulate the amount of time we need to hold your records. We hold applicant information until the end of the year in which you apply/enquire.

The exception to this is where you apply for programmes funded through specific bodies that require a different retention period. This difference currently applies to adult (19+) funded courses and those courses funded through European Social Fund or National Lottery contracts, where we are required to retain the above documentation until 1/12/2030.

- The Department of Education (DfE);
- The Education and Skills Funding Agency (ESFA);

- Your (previous) school to support their destination monitoring and careers advice;

- Childcare and travel providers if you are awarded a childcare or travel bursary;
- UK Visas and Immigration Department if you are a non-UK passport holder;
- Our delivery partners if your course is being delivered by one of our partners.

If you attend one of our campuses, we may share your information with Department of Health and Social Care for the purpose of supporting NHS Test and Trace activity; we are legally required to share information in this way. You can read the Department of Health and Social Care privacy notice [here](#).

We do not share information about our applicants with anyone unless it is necessary and in line with the lawful basis for processing listed above, or with the consent of the applicant concerned. Where data is routinely shared, a data processing agreement will be established to ensure the protection of applicants' information.
