- Financial viability
  - Achieving value for money
  - Fulfilling its responsibility for the provision of effective financial controls over the use of public funds
  - Ensuring that Activate Learning complies with all relevant legislation
  - Safeguarding the assets of Activate Learning
- 1.6** This document sets out the Financial Regulations, which have been approved by the Corporation. They are designed not only to establish acceptable practices to the DfE but also to provide protection for the staff concerned and therefore it is essential that they are observed.
- 1.7** Compliance with the Financial Regulations is compulsory for all staff. Failure to comply with any terms of these Financial Regulations may result in disciplinary action being instigated against the relevant staff.
- 1.8** These Financial Regulations have been made by the Corporation in accordance with the Articles of Government of Activate Learning. The regulations complement the Financial Memorandum between the Corporation and the DfE. Nothing in these regulations shall supersede any provision contained within the Financial Memorandum or Articles of Government.
- 1.9** The Audit & Risk Committee shall review the Financial Regulations each year. Any changes to the Financial Regulations will be subject to the approval of the Corporation.
- 1.10** In exceptional circumstances, the Audit & Risk Committee may authorise a departure from the detailed provisions herein, such departure to be reported to the Corporation at the earliest opportunity.

The Chief Operating Officer, in consultation with the Group Finance Director, is responsible to the Corporation for preparing the annual income and expenditure and capital expenditure budget. - 3.9** The Chief Operating Officer may authorise virement between all budget heads and capital projects provided that:
  - the overall approved estimates will not be overspent during the then current financial year, and
  - there will be no continuing financial commitment, as a result, in subsequent financial years.
  - virement of capital projects will be authorised up to £150,000 without the need for the

approval of the Corporation.

- 3.10** Budgets are allocated for the financial year. At year-end, Budget Holders, as a principle, cannot carry forward a balance on their budget to the following year. Allowance will be made where there are specific requirements relating to ongoing sponsorship or charity-related activities that are committed.

#### **4.0 FINANCIAL REPORTING**

- 4.1** All accounting and financial systems operated by Activate Learning shall be under the control of the Group Finance Director who shall also be responsible for producing financial management information.

- 4.5** The annual accounts shall be prepared and submitted to audit by the Group Finance Director in the form prescribed and within the timescale specified by the DfE. The accounts shall be accompanied by such other information as may be specified.
- 4.6** The Chief Operating Officer, in consultation with the Group Finance Director, shall present the draft annual report and financial statement to the Audit & Risk Committee. The Committee will be asked to recommend the draft annual report and financial statement to the Corporation for approval and signing by the Chair and the accounting officer. #### **5.0 ACCOUNTING RECORDS**

##### **5.1** Retention of records

The Group Finance Director is responsible for the retention of financial documents. These should be kept in a form that is acceptable to the relevant authorities.

Activate Learning is required by law to retain prime documents for six years. These include:

- Official purchase orders
- Paid invoices
- Accounts raised
- Bank Statements
- Copies of receipts
- Paid Cheques
- Payroll records

The Group Finance Director will make appropriate arrangements for the retention of electronic records.

Additionally, for auditing and other purposes, other financial documents should be retained for three years or as determined by the funder.

## **5.2 Public access**

As an exempt charity, Activate Learning will comply with the Charity Commission requirement to promptly publish its most recent financial statements on its website.

Also, under the terms of the financial memorandum, the Corporation is required to supply any person with a copy of Activate Learning's most recent financial statements. This will be done within one month of a request. Charities legislation enables the Corporation to levy a reasonable fee, and this will be charged at the discretion of the Group Finance Director.

## **6.0 INCOME**

- 6.1** The Group Finance Director is responsible for ensuring that appropriate procedures are in operation to enable Activate Learning to receive all income to which it is entitled. All invoice templates or other official finance documents in use must have the approval of the Group Finance Director.
- 6.2** Budget Holders are required to provide detailed accounts of charges for work performed, goods delivered, or services provided for Activate Learning, as well as all income due to the Finance Team. This is to guarantee the timely documentation of all receivables for Activate Learning. Invoices must be issued according to the format specified by the Group Finance Director.
- 6.3** In most instances, a service delivered for the benefit of a third party will generate a future financial benefit to the Group in the form of commercial income. There may be exceptional circumstances where it is identified that work undertaken in collaboration with a third party will have significant non-financial benefits for the Group (e.g. learning opportunities, reputational growth, marketing and advertising, staff wellbeing, etc.) that outweigh the benefit of financial compensation. In these instances, and when a decision is made to forgo commercial income to secure alternative benefits, this will be documented by the relevant Top Level budget holder and counter-signed by the Group Finance Director.
- 6.4** All Income will be invoiced to customers by the Finance Department. There may be exceptions where invoicing is not required. These must be approved by the Group Financial Controller. Other members of staff are not permitted to deal directly with this matter unless agreed by the Group Financial Controller.
- 6.5** All payments taken by debit or credit card need to be compliant with PCI regulations.
- 6.6** Appropriate debt recovery procedures shall be determined by the Group Financial

Controller. The authorisation levels of any write-off of bad debts will follow the same levels as purchase order authorisation as set out in Section 7.18, but with the additional sign off by the Group Financial Controller. Specific additional controls regarding write-offs are a requirement of MPM and these controls are set out in Section 22.

- 6.7** All Staff handling cash shall be responsible for the security and prompt banking of all monies received, considering value, size, and Business Opening hours.
- 6.8** All sums of money greater than £5 from Learners will receive an official receipt from Advice & Admissions. Where the Finance Department follows up unpaid fees, receipts will be offered and provided if requested.
- 6.9** Activate Learning seeks to minimise its exposure to money laundering in accordance with the Money Laundering Regulations 2007. Any monies requiring refunding will be compliant with the Activate Learning Fees Policy.
- 6.10** There will be a Fees committee which will comprise the Group Finance Director, Group Director of Institutional Effectiveness and appropriate representatives from Faculty and direct operations. The committee will review all fees, charges, rents, and lettings annually.
- 6.11** The Head of Governance is responsible for the safekeeping of official and legal documents relating to the core Legal status of Activate Learning, its subsidiaries and its associates. This will include signed copies of deeds, leases, agreements and contracts between Activate Learning Companies.
- 6.12** Major Contracts (defined as strategically significant and/or greater than £100,000) made in the course of business will be held on the company's contract database, which is maintained by the Procurement team.
- 6.13** All commercial sales and funded project contracts shall be reviewed by a Finance Business Partner before sign-off at the levels set out below. The sales value is based on total lifetime contract value.
- 6.14** Course fees are set in line with Government Funding bodies guidelines and are exempt from this requirement.

## 6.15 Sales Contract Approval Levels:

Value of sales contract	Authorisation requirement
Up to £50,000	Base Level Budget Holder
Up to £250,000	High Level / Top Level Budget Holder
Up to £1,000,000	Chief Operating Officer
Up to £5,000,000	Group CEO
Over £5,000,000	Corporation Board

Sales invoices raised to claim capital funding from external agencies are exempt from the Sales Contract Approval Levels as the capital project and subsequent transactions are approved by the Corporation at the point of contract award.

Regarding Sales contracts, where Activate Learning provides consultancy, research or similar services, there should normally be a letter of engagement setting out the scope and limitation of liability. The engagement letter will be authorised in line with the table above in paragraph 6.14.

## 7.0 EXPENDITURE

Activate Learning has a legal obligation to comply with Public Sector procurement regulations which are designed to encourage free and open competition and achieve value for money (governed by the Procurement Act 2023)

These regulations mean that:

- There should be open competition when tendering for higher value procurement.
- Specifications must be well defined and non-discriminatory.
- Minimum time limits apply during the tender procedure (dependent on value).
- Procurement thresholds apply to the aggregate (total) value for the purchase / lease / hire or rental of goods / services of 'the same type' (see Appendix A)
- Above threshold contract opportunities must be published on Find a Tender Service (FTS) and on the government Contracts Finder website.
- The tender process must be transparent including informing participants of the evaluation criteria to be used and its relative importance / weighting.
- Contract awards  $\geq$  £25,000 must be published (see Appendix A).

### 7.1 Achieving Value for Money

Goods and services purchased by Activate Learning should be obtained expeditiously and economically. Budget Holders need to achieve value for money which is defined as "the best mix of quality and effectiveness for the least outlay over the period of use of the goods or services bought". All costs associated with the purchase should be considered when comparing supplier proposals (such as delivery, installation, commissioning, training, operating or support costs and disposal / termination costs).

### 7.2 Framework Agreements and existing Corporate Contracts

Purchasing Consortia such as the Crescent Purchasing Consortium provide multiple framework agreements which have already been compliantly tendered. Activate Learning can utilise these frameworks without needing to re-advertise the tendering process, thus reducing time and costs. Further competition can be run with suppliers signed up to a particular framework agreement, so that value for money can be demonstrated. (See Appendix A or speak with Procurement for further details).

Corporate contracts may already be in place for items such as stationery, branded sportswear, books or journals etc. To use these contracts, please contact Procurement.

### 7.3 CONTRACTS FOR THE PURCHASE OF GOODS, SERVICES OR WORKS

A written contract should be entered into when the contract value is  $\geq$ £25k. Other factors for consideration are:

- the transaction/works are complex (e.g. involving design & build or subcontracting)
- the duration of the relationship is over one year.
- the purchase requires ongoing support and maintenance.
- the performance of the service needs to be measured and monitored.

Both Procurement and the relevant Finance Business Partner (FBP) should be consulted prior to market engagement. The FBP will assess budget provision, financial projections and any cashflow. The Financial Controller will advise on the appropriate tax treatment for purchases.

Procurement will advise on sourcing the market to ensure compliance with Public Sector procurement regulations and assist with any formal tendering procedures (see Appendix A).

Any contract that contains elements that relate to core Group Service disciplines (i.e. Property and Environment, IT Services, HR, Marketing) must have approval from the relevant Group Services Director.

The appropriate competitive quotation or tendering processes must be followed (see Appendix A)

A contract becomes legally binding once it has been signed by both buyer and seller. Any contract variations or extensions must also be agreed and signed by both parties.

All contracts must have a clear “owner” (usually the Budget Holder) who will be responsible for ensuring compliance and monitoring performance.

All contracts for the purchase, lease, rental of goods, services or works must be fully approved and signed in accordance with the threshold for purchase ordering (see table below).

All contracts must be registered in the central contracts database and a copy of the signed contract (including contract variations or extensions) should be sent to Procurement.

In cases where the supplier terms and conditions are to be used, these must be reviewed by Procurement prior to any approvals.

**7.6** Contracts for the employment of senior post holders (i.e. Group CEO & Head of Governance) will be authorised by the Remuneration Committee and signed by the Chair of the Corporation or his/her nominee. Specific additional controls regarding senior remuneration are a requirement of MPM and these controls are set out in Section 22.

**7.7** Contracts for the acquisition, disposal or leasing of land and property will be authorised as follows:

<b>Value of land &amp; property transaction</b>	<b>Authorisation requirement</b>

Over £200,000	The Corporation (Chair or Vice chair)

**7.8** Contracts or any other documents to be authorised under seal will be signed by the Chair of the Corporation plus one other Governor. The seal used will be that approved and adopted by the Corporation. Any use of the seal must be agreed with the Head of Governance and will be approved retrospectively by the Corporation.

### **Purchase orders**

**7.9** A purchase order becomes legally binding once it has been accepted by the supplier. Terms and conditions for purchase orders can be found on the Procurement SharePoint page.

**7.10** Purchase orders under the normal course of business must be raised and approved for all goods, services and works except for:

- recurring charges for public utilities, cleaning, exams or catering supplies
- Credit or Debit Card purchases
- petty cash purchases

Any exceptions to this, which should only relate to unforeseen emergency costs, must

be approved by the relevant Finance Business Partner & Budget Holder.

- 7.11** Purchase orders shall not be raised for any personal or private purchases, nor shall personal or private use be made of Activate Learning contracts.
- 7.12** All orders are raised by administrators and must be authorised by the appropriate Budget Holder. Further approval will be required by Finance Business Partners on purchase orders above £5,000 and by Procurement on purchase orders over £25,000.

- 7.14** All purchases of computer equipment, software or IT-related services shall be approved by the Group Director of IT or delegated officer prior to an order being raised, unless the Group Finance Director specifically approves alternative arrangements.
- 7.15** The Group Finance Director will be responsible for ensuring that the funds for capital projects or items are in place before commitment is made.
- 7.16** Each order must clearly indicate the nature and quantity of the supplies or services required, the agreed price including VAT, any agreed discounts, warranties, delivery costs and when using a purchase consortium framework agreement, this should also be noted on the order along with any reference numbers applicable.
- 7.17** Purchase orders for goods, services or works related to Capital or Revenue Expenditure raised on behalf of Activate Learning must be authorised as below.

**Faculty, College or Apprenticeship Business related spend:**

<b>Value of order</b>	<b>Authorisation requirement</b>
Up to £5,000	Budget Holder
Up to £10,000	High Level / Top Level Budget Holder
Up to £50,000	Group Finance Director
Up to £100,000	Chief Operating Officer
Up to £200,000	Group CEO

**Group Services related spend:**

<b>Value of order</b>	<b>Authorisation requirement</b>
Up to £10,000	Budget Holder
Up to £25,000	Top Level Budget Holder

Up to £100,000	Chief Operating Officer
Up to £200,000	Group CEO
Over £200,000	The Corporation (Chair or Vice Chair)

When applying the above limits, the "value of order" for those orders that relate to the continuous supply of goods or services over the contract period should be taken as the total commitment for the contract. Any combination of items which form a scheme or project must be treated as an individual contract or order for authorisation purposes. Where there is any doubt as to whether any combination of items constitutes a scheme or project, then the direction of the Group Finance Director or the Chief Operating Officer must be sought.

Where a contract has been approved for a period longer than a year, subsequent Purchase Orders do not need to go to the Corporation again. Where this is the case, the Head of Governance may approve on direction from the Group Financial Controller.

Prior to issuing a Purchase Order to a supplier the Finance Department is responsible for:

- Ensuring that the request has been authorised by the Budget Holder or other authorised signatory.
- Confirming that there are sufficient budget funds available or that overspend is approved to cover the order.

**7.18** Procurement is responsible to the Group Finance Director for:

- Training budget holders and other individuals involved in the purchase of goods/services or works on procurement procedures.
- Advising and assisting budget holders on specific departmental purchases.
- Developing appropriate reliable supply arrangements to assist budget holders in meeting their value for money obligations.

Purchases below £5,000	Reasonable efforts to secure value for money.
Purchases between £5,000 - £49,999	Minimum of three written quotations should be sought or a mini-competition run using a purchasing consortium framework

Purchases between £50,000 - £99,999	A minimum of three but recommend five written quotations should be sought or Activate Learning's tendering procedures will be applied. See Appendix A.
Purchases between £100,000 - £178,000	Activate Learning's tendering procedures will be applied. See Appendix A.
Purchases above £178,000	A fully FTS compliant tender process applies to purchases that exceed the threshold of £178k for goods and services and £4,447k for works

**7.20** There may be exceptional situations where single-tender action or single-quote action is appropriate or where fewer than three 'invitation to tender' are issued. Examples include where there is only one supplier of a good or service or where a budget holder considers it necessary that the repairs or parts are procured from the original supplier.

In such cases, before the order is placed or contract signed, a 'Procurement Waiver' setting out the reasons for deviation from the approach set out in Section 7.20 must be approved (full details in the 'Activate Learning Procurement Guide' available here <https://activatelearning.sharepoint.com/sites/Procure>).

Following agreement with Procurement, the waiver must be authorised as follows:

Value of procurement	Authorisation requirement
Up to £20,000	Group Procurement Manager
Up to £50,000	Group Finance Director
Over £50,000	Chief Operating Officer

**7.21** A breach of these tender processes could result in a legal challenge from a supplier or potential supplier.

- that the goods or services have been received/carried out.
- that the goods are of acceptable quality.

Payments will not be made against documents other than invoices and pro-forma invoices unless otherwise agreed with the Group Financial Controller. Payment will only be made when the following have been satisfied:

- All invoices which are processed without a PO shall be authorised by the relevant Budget Holder.

- 17.2** The Corporation has overall responsibility for ensuring there is a risk management strategy and a common approach to the management of risk throughout the college through the development, implementation and embedding within the organisation of a formal, structured risk management process.

In line with this policy, the Corporation requires that the risk management strategy and supporting procedures include:

- the adoption of common terminology in relation to the definition of risk and risk management.
- the establishment of organisation wide criteria for the measurement of risk, linking the threats to their potential impact and the likelihood of their occurrence together with a sensitivity analysis.
- a decision on the level of risk to be accepted, together with tolerance levels expressed in terms of measurable outcomes.

- a decision on the level of risk to be covered by insurance.

## **20.0 WHISTLEBLOWING**

**20.1** Whistleblowing in the context of the Public Interest Disclosure Act is the disclosure by an employee (or other party) about malpractice in the workplace. A whistleblower can blow the whistle about crime, civil offences (including negligence, breach of contract, etc.), miscarriage of justice, danger to health and safety or the environment and the cover up of any of these. It does not matter whether the information is confidential and the whistleblowing can extend to malpractice occurring in the UK and any other country or territory.

**20.2** Normally, any concern about a workplace matter at Activate Learning should be raised with the relevant member of staff's immediate line manager or head of department. However, Activate Learning recognises that the seriousness or sensitivity of some issues, together with the identity of the person the member of staff thinks may be involved, may make this difficult or impossible.

**20.3** A member of staff may, therefore, make the disclosure to the Head of Governance as set out in Activate Learning's Whistleblowing Procedure which is available on the SharePoint Procedures Page.

## **21.0 COLLEGE COMPANIES AND JOINT VENTURES**

**21.1** In certain circumstances it may be advantageous to establish a company or a joint venture to undertake services on behalf of Activate Learning. Any member of staff considering the use of a company, or a joint venture, should first seek the advice of the Chief Operating Officer, who should have due regard to MPM and guidance issued by the DfE.

**21.2** The Corporation is responsible for ensuring that the required procedures are followed.

**21.3** The process involved in forming a company or a joint venture and arrangements for monitoring and reporting on the activities of these undertakings are documented in Activate Learning's financial procedures.

**21.4** It is the responsibility of the Corporation to establish the shareholding arrangements and appoint directors of companies wholly or partly owned by Activate Learning. These and other arrangements will be set out in a memorandum of understanding.

**21.5** The directors of companies where Activate Learning is the majority shareholder shall submit, via the Corporation, appropriate reports to the Corporation. They will also submit business plans or budgets as requested to enable the Corporation to assess the risk to Activate Learning. Activate Learning's auditors shall also be appointed to such companies.

## **22.0 REQUIREMENT TO OBTAIN DfE APPROVAL**

**22.1** In November 2022, Further Education Corporations were reclassified as 'public sector' organisations and, as a result, in addition to conforming with the DfE funding agreements, some transactions have delegated authority limits beyond which colleges **must** obtain prior approval. Sections 8, 9, 10 and 21 above cover the requirements in relation to senior staff pay, debt and setting up subsidiaries.

**22.2** Novel, contentious and repercussive transactions must always be referred to DfE for approval, and the request must be made to DfE before the transaction occurs. DfE may refer such transactions to HM Treasury for approval and so sufficient time must be allowed for proposals to be considered.

- Novel transactions are those of which Activate Learning has no experience or are outside its range of normal business.
- Contentious transactions are those that might cause criticism of the college by Parliament, the public or the media.
- Repercussive transactions are those that may have wider financial implications for the sector, or which appear to create a precedent.

Through the budgeting process, review of business cases presented for investment and the qualification process for new business opportunities, the Chief Operating Officer is responsible for determining if any proposed activity should be identified in either of the above categories.

If such a classification is identified, transactions must always be referred to DfE for approval, and the request must be made before the transaction occurs.

## **22.3 Write-offs and losses**

Colleges have delegated authority to write-off amounts up to certain individual and cumulative limits. The controls in place for doing so are detailed in Section 6.5. Beyond these limits, write-offs and losses must be referred to DfE for approval in advance. DfE consent to a write-off is required if:

- the write-off exceeds 1% of annual income or £45k individually (whichever is smaller), or
- the write-off takes cumulative total write-offs for the academic year beyond 5% of annual income or £250k (whichever is the smaller).

## 22.4 Special Payments, including severance, compensation and ex-gratia

Certain transactions by public bodies which fall outside the usual planned range of activity and may exceed statutory and contractual obligations are referred to by HM Treasury as special payments. They include:

- **staff severance payments** paid to employees outside statutory or contractual requirements when leaving public employment.
- **compensation payments** to provide redress for loss or injury, for example personal injuries, traffic accidents or damage to property.
- **ex-gratia, extra-contractual, extra-statutory and extra-regulatory payments** outside statutory or contractual requirements.

Special staff severance payments in excess of £50,000, greater than 3 months' salary, any exit package in excess of £100,000 that includes a special severance payment and special severance payments when an employee earns over £150,000 require DfE approval.

Compensation payments over £50,000 require DfE approval.

Any ex-gratia, extra-contractual, extra-statutory or extra-regulatory payments require DfE approval.

Before approving any such payments, the Group Director of People and Change is responsible for obtaining the above approvals.

## 22.5 Indemnities, Guarantees and Letters of Comfort

MPM allows public sector organisations to take on liabilities by:

- providing indemnities
- writing a letter or statement of comfort, and
- issuing specific guarantees

Colleges have delegated authority to enter into indemnities, letters of comfort and guarantees up to certain individual and cumulative limits. DfE consent is required for indemnities not arising in the normal course of business, for letters of comfort and for guarantees where:

- the case exceeds 1% of annual income or £45k individually (whichever is smaller); or
- the case takes the college's cumulative total of such contingent liabilities for the academic year beyond 5% of annual income or £250k (whichever is the smaller).

**Taking on of any such liability must be approved by the Chief Operating Officer. When providing authorisation an assessment of the request against the two scenarios above will be made, and approval given if they do not apply. If they do apply, the Chief Operating Officer is responsible for obtaining the approval from the DfE. A cumulative register of contingent liabilities will be maintained to facilitate this assessment.**
